Project

New Office Building

Location

Blue Ash, Ohio

Client

Associated Land Group

Project Cost

\$1,400,000

Project Description

This new corporate office building was developed on a vacant site at the corner of McKinley and Glendale Milford Roads, across from the Blue Ash Airport. The two-story, 22,000 SF building was designed to house the offices of the client and includes several special design features. A formal masonry and glass facade frames the retention lake that is a feature of this site. The project was completed on time and within the original budget.
