

ArchitectsPlus

Project

Provident Bank

Location

Mason, Ohio

Owner

Provident Bank

Project Cost

\$450,000

Project Description

Provident Bank selected ArchitectsPlus to assist with the development of a new design standard for their branch banks. This new prototype was built at two locations east of Cincinnati. These buildings were less expensive to construct, yet shared a strong resemblance to already existing branches. Each branch is a single-story, approximately 5,400 SF building.
